

THE ORANGE AND BLUE.

VOL. I.

AUBURN, ALA., WEDNESDAY, JUNE 6, 1895.

NO 15

Re-Union Class '92.

Some little time having elapsed since the members of the class of '92 were so fortunate as to meet together to recount their pleasures and sorrows, to petition for redress or grievances, to "bear" recitations, to act in a paternal capacity towards the lower classes, especially the class of '93, to weigh with utmost gravity the mighty truths contained in the oft-time jokes (?) of our esteemed professor of civil engineering, to hear "Billy" Feagin's cackle (he will be of great service in the next Democratic campaign), and above all to act ever in accordance with time honored traditions, in view of reviving and perpetuating these pleasant memories, it is thought by many members of the class that no time like the coming commencement offers such favorable inducements for a class reunion.

Therefore, in accordance with the wishes of a large number of the members, the call is hereby issued for a reunion of the class of '92 at the coming commencement, June 9-12.

The commencement exercises this year will be especially interesting.

The session of 1894-5 is marked for the large number of students enrolled and the commencement exercises, provided the alumni lend their support by their attendance, will be the most successful in the history of the institution.

The annual meeting of the Alumni association on Tuesday, June 11th, promises to be of great general interest, and the result will doubtless be of lasting good, not only to the association but to the college.

Sincerely trusting that you will be present at this our first reunion, we are, with best wishes,

Fraternally,
The Resident Alumni.

To The Alumni.

The program of the commencement exercises as elsewhere published will be read with great interest by all alumni. It is exceptionally strong, and as various notices have been sent to the alumni at large and to the different classes, a very large attendance of graduates is confidently expected.

ly expected.

How often it has been stated that a college is what its alumni make it, that its reputation is directly proportional to the reputation of the alumni. This being the case one would naturally be led to think that the alumni, in addition to the good they do the college by their reputation, would exert a personal influence in behalf of the college, propose that which would directly benefit it, foster that which gave to them the pleasantest hours of youth and above all that which furnished opportunities for their mental and moral development in order that they might prove worthy citizens of their state. That this should be the case we well know, but how far are we wrong that such a state of affairs exists even nominally. But we are glad to say that the alumni spirit is growing. In Georgia we see University of Georgia Clubs springing up in the interest of that good old institution which has been dragged down by "the coming man" a species of animal matter whose chief characteristics are tendencies toward the extreme of morality, studiousness and literary training and a perversion of the true intent of athletic exercises and social connections. That our skirts are not clean on this score we cannot deny, but we do not plead guilty to all of the charges. In the North the alumni spirit is powerful and growing daily, but when this power attempts to override the opinions of those more capable of judging then it has indeed gone beyond bounds. But there can be no discounting the fact that suggestions often times, and in reality do in all times, lead to results. An American cannot be a good citizen and withhold his opinions. That which can be placed to the good of mankind should at all times be stated; that which can be put to an evil purpose should not be cast abroad upon mankind for its destruction. It is said: "The silence of a wise man is more wrong to mankind than the slanderer's speech." In a calm, and dignified manner, then, should be the expression of all upon subjects relating to the education and training of the youth of the State of Alabama. This college should have to its credit large and flourishing alumni societies of clubs in Montgomery, Birmingham, Mobile, Opelika, Atlanta, Griffin and

Columbus. These clubs would be of invaluable aid to the college in attracting students, offering prizes, etc., besides showing their loyalty to their alma mater. State institutions, as the name implies, are the property of the State, and as such their policy should be guided more or less by representatives from all parts of the State, and in no case can a body of men be found representing more portions of the state and more devoted to the welfare of the educational interests of Alabama than the Auburn graduates. Having received an education, then, they owe to the State their invaluable experience. It should not be withheld on account of modesty, so-called. In some it should be called indifference but we are happy to say that the number of graduates in attendance upon the alumni meetings is steadily increasing from year to year. As before stated the number at the coming commencement bids to be the largest that every assembled at Auburn. We earnestly trust that they will take time to come, even for one day, Tuesday June 11th. As to the results of this meeting we cannot say; were the results known and stated, however, they would have the effect of satisfying the alumni to the extent that they would stay away. Nothing may be done except to renew ties of friendship which will be of considerable gain, but to those members especially who will be present we suggest the following points for consideration:

1. A discussion of the Y. M. C. A. as regards college training.
 2. The advisability of the Alumni taking hold and pushing through to completion a building for the use of the Y. M. C. A., gymnasium and a reading room.
 3. Dormitories.
 4. Intercollegiate games, with especial reference to foot ball.
 5. Intercollegiate oratorical or literary contests.
 6. Placing the literary societies on a stronger basis, even to making membership upon them compulsory or requisite for honors.
 7. A discussion of the fallacy of personal freedom of action as existing at the larger universities, of the "university spirit," and of closer organization, as applicable to this college.
 8. Encouragement of offering prizes to honor men, especially in connection with literary attainments.
 9. The social element as a factor in education.
 10. Expenses per session.
 11. Collection of college photos of graduates.
- Robert H. Thach Esq., of Birmingham will deliver the alumni address on Tuesday, C. N. Ousley of the Galveston News being the orator for 1896. The banquet takes place Tuesday night, the 11th.

Examinations are nearly over. Commencement will soon be here!

In this our last issue we wish to express our thanks to our exchanges for their liberality and kindness in their expressions of our worth. Especially do we wish to thank some of our state papers for kind words spoken of us. To the Montgomery Journal, The Troy Democrat, The Huntsville Tribune, and The Opelika Post, we are especially grateful. Mr. Ashcraft of The Post Publishing Co., which has done our printing, has been exceedingly helpful to us in our "greenness" and we cannot but make this public acknowledgment of our appreciation of all that he has done for us.

The University of Georgia seems to have a new paper, but we don't know. We received a copy of "Rouge et Noir," dated May 25. How often issued, what the subscription price is and many other such things are not stated. The issue received is an excellent one, containing six four column pages with one engraving of the Athens base ball team. We understand that this issue is only a promise of a weekly next session. If this be a sample and the same standard be pursued as stated the "Rouge et Noir" will be a model college paper.

With this number the first year in the existence of the Orange and Blue is brought to a close, and we take this, our last opportunity to thank our friends and patrons for the support that we have received, and to express our deep appreciation for the kindness with which our mistakes and errors have been observed. The duty of the editor has not been the slightest. A position on the staff necessitates a degree of sacrifice that is

often overlooked in the summary of achievements. Yet we have a pleasure in knowing that our work has always been for the best interest of the college. We have continually kept in view her advancement and her welfare. Mistakes we realize that we have made, but a consideration of the fact that we have worked on the first volume, will bring us that charity of judgment that is welcome.

Whether or not the Orange and Blue will be continued next session we cannot say definitely, but we think that very probably it will be. And moreover we think that it should be made a weekly. The experiment has been made with a semi-monthly, and we are happy to say, has proven fairly successful. But a weekly would have many advantages that we have not had, that will at once suggest themselves. Let those interested make it a point to have a weekly next session! We would offer a few practical suggestions that are the outcome of our experience, trusting that our successors will accept and consider them in the spirit in which they are given. First, see that no one is on the staff who does not intend to work and who does not do it. Willingness may be a great deal, but unless it be accompanied by some performance it amounts to nothing in a staff officer of a college paper. Second, devote no space to ordinary town personals. They have no place in a college paper, and were only continued for special reasons. Third, enlist the aid of the student body in the matter of contributions. Fourth, give more space to the Alumni. Solicit from them contributions and let every issue contain something of interest to them. This is one point that we regret very much not being able to keep up. Other institutions of learning not larger nor higher than ours have weeklies and wherefore should not we? The field of college journalism is a broad one and a beautiful one. Let it be worked here. We desire to make public acknowledgment of our appreciation and gratitude to those who have supported us, to our subscribers, to our advertisers and to all with whom we have been connected. To our successors we give our best wishes and trust that our work may be as we intended it, but the foundation, the first beginning, of a work higher and more extensive.

Dr. Petrie delivered the annual address before the Dallas Academy at the graduating exercises last week in the Academy of Music in Selma. The Times gives nearly a two column summary of his address and has this to say relative to it: "His whole address was a beautiful piece of word

painting, an appeal to all to attain the higher grandeur in life attending to small things, thus fitting ourselves the higher as our minds are able to receive them. The Times regards Prof. Petrie's address as one of the finest that has been delivered in Alabama in many a day in that it was practical, elegant and forcibly delivered. He made no effort to attain lofty flights of eloquence, but its beauty lay in its simplicity, and the beauty of the man's character was in his honesty and candor."

It is with pleasure that we announce the appointment by Prof. Thach of cadet H. H. Peevey to be the representative of this college in the inter-collegiate contest to be held in Talledega on the 10th of July, as announced in a previous issue. Cadet Peevey has been in all the classes of the college and thus has in a measure "grown up here." He won the medal for declamation in the Sophomore class, was one of the Junior speakers last commencement and is generally admitted to be the one best qualified to represent us in an oratorical contest. His connection with the Orange and Blue as an associate editor makes us a little more than ordinarily proud of the honor done him. We are confident that we will be well represented and we wish him all success.

Program Commencement Exercises.

SUNDAY, JUNE 9TH.

Baccalaureate Sermon, 11 a. m.—Rev. M. D. Hoge, D. D. Richmond, Va.

OPELIKA AND AUBURN

Monday and Tuesday in Auburn. Rest of the week in Opelika.

PERSONAL AND LOCAL

At a full meeting of the Harvard faculty over which Pres. Elliott presided some days ago, a motion was made to prohibit any under graduate student of Harvard engaging in any inter-collegiate game of foot ball, but it was lost by a good majority. Foot ball in Harvard will, then, be as it always has been as far as the privilege of playing is concerned.

The Y. M. C. A. will send five or six men to the summer school at Knoxville.

On Thursday evening Prof. Chas. Lane will lecture again in Thomas' new Hall. All who heard his last lecture remember him with pleasure and will no doubt take this opportunity of hearing him again with delight. The lecture that he will give is, as was the other, full of wit and humor combined with the choicest and rarest gravity. Which is the best seems hard to say.

The sponsors of the three companies are, of Co. A., Miss Brown, of Co. D., Miss Nelson, and, of Co. B. Miss Linn.

In the Franklin Advocate, last issue, a magazine published by one of the literary societies of Howard college is an article entitled "Literary Societies vs. Fraternities, weighing the advantages and disadvantages of each as college organizations. The fraternities get the worst of it, and the article winds up with this. "Then away with the fraternity. May Howard college ever be kept free from the vicious influence of secret orders." The writer of the article attributes the fall of Literary societies to the presence of fraternities. His article is at least interesting.

The speakers appointed for commencement are Beeson, King, C., King, G., Moulder, Taylor, B. A., Trammell, from the Junior class, and Smith, H., Thomason and Adams, from the Seniors.

At the last foot ball meeting Riggs was re-elected manager with Peevey for alternate, and Shafer and Tichenor divide honors as Captains, Shafer over the men and Tichenor over the grounds and play.

The closing exercises of the Auburn Female Institute were held on May 26th and 27th. The commencement sermon was preached by the Rev. Dr. Lovett of Columbus, Ga., in the Methodist church. It was a most excellent discourse of the kind and was listened to by as large an audience as could be accommodated in the church. The school children were marched over from the school building and the full corps of cadets were in attendance. The music of the

occasion was splendid, a beautiful solo being sung by Miss Helen Mangum. On Monday evening the exercises were continued. The stage of the school room was beautifully draped in blue and white, the colors of the graduating class. Rev. J. J. Cloud opened the exercises with prayer. Misses Mitchell and Culver played a duet, and the following essays interspersed with music were read by the graduating young ladies. "The Princess"—Miss Zadie Bennett. "The Ideal Woman"—Miss Eva Wright. "Shakespeare's Portrayal of Character"—Miss Fannie Lou Thomas. "Does Poverty or Riches Develop the Character Best"—Miss Lula Heard.

Col. T. L. Bulger, of Dadeville, who was to have delivered the literary address was unable to meet his engagement, having been compelled to make a trip to Texas. But the audience was treated to a lecture by Prof. C. C. Thach on the higher education of girls. It was a masterly effort, and those who heard it pronounce it one of the finest addresses ever heard on a similar occasion. In a few well chosen words, Prof. Hugh McKee spoke of the work done by him in the past two years, and expressed the hope that his successor should carry the work forward to a higher completeness. The young ladies were all tastily attired in the regulation white graduating dresses, and the entire stage presented a beautiful picture with the pretty girls sitting under the beautiful drapery and the board of trustees sitting on both sides.

Col. A. J. Bondurant went to Abbeville on Wednesday of last week to deliver the commencement address at the South Eastern Agricultural school. This is another of the many honors heaped on our faculty this season.

Last week Prof. Smith delivered the address before the graduating class of the State Normal school in Jacksonville, Ala. He reports a most pleasant trip, and a large audience. He was introduced by Prof. Daugette who graduated here in '93, and who seems to have made quite a mark in Jacksonville. It seems that our faculty are very much in demand as lecturers and speakers, no better evidence being required of their excellence and of the prominence that our college is winning through their untiring efforts both in and out of the class room and laboratory. Prof. Thach seems so much on the go as a lecturer, that it is difficult to keep up with him. And every where we hear continued praise and commendation of him.

Attend the Literary society meeting on Saturday night.

Hon. Chauncey Depew will be the

guest of the Vanderbilt Alumni Association at their banquet on Alumni Day, June 17. Extensive preparations are being made for the entertainment of the graduates of the University.

Commencement Hop.

Extensive arrangements have been made for the Commencement Hop to be in Langdon Hall on the evening of the twelfth. The committee consisting of Messrs. Langdon B. Gammon, George P. Bondurant, Harry H. Smith, Walter R. Shafer, Sparks R. Jackson, William W. Williams, Douglas Taylor, Charles J. Nelson, John Arrington and Andrew D. DuBose, have spared no effort to make the hop the greatest success, and the indications are that it will be the greatest social event of its kind of the season in the state. The hall will be handsomely and tastefully decorated with all the care and skill to be commanded and the music will be the best, Wurm's orchestra of Atlanta being engaged. Among those present will be some of the most beautiful and cultured young ladies of the state and from all parts of the state. All who were at the hop last commencement remember the grand success with which it was attended, and look back upon it as an event of exquisite pleasure and enjoyment. But this year the arrangements are better if possible, and suggest that last year shall be left far behind in the realm of pleasure. The committee deserve the utmost praise for their energy and the manner in which they have thus far managed the arrangements.

A Twister.

A twister in twisting
May twist him a twist,
For in twisting a twist
Three twists make a twist;
But if one of the twists
Untwist from the twist,
The twist untwisting
Untwists the twist.

OPELIKA, ALABAMA.

Glee Club Concert in Opelika.

The Glee club will repeat the concert they gave in Langdon Hall on May 3rd, in Opelika on June 7. The performance will take place in Allen's school house, and owing to the smallness of the hall all who intend going had better secure their seats in due time.

The program will be essentially like that given before, with the exception of several of the choruses and quartettes which have been changed.

The male quartette will sing two new selections viz: "The House that Jack Built" and the popular new hit "Little Alabama Coon." The minstrel feature of the program has been much improved, and the closing chorus "New Coon in Town" is in fine keeping with the ridiculous performance that precedes it. Let all from Auburn who can go do so.

The following is the program:

Part I.

Mears—Christiana Polka—Glee Club.

News Boys' Chorus, from "1492."—Glee Club.

Pattison—Waltz Song—Miss Mamie Moore.

Ashford—"Little Jack Horner"—Male Quartette.

Weisenborn—"I see Thee Again"—Glee Club.

Selected. Vocal Solo—Miss Moody.

Part II.

Jewel Song, from "Faust"—Miss Mamie Harrison.

"Kissing Duet," from Said Pasha Miss Preer and Mr. Riggs.

"House that Jack Built"—Male Quartette.

Wedding Bells—Clarinet Solo—Mr. Scott.

Oh! Fly Sweet Bird, "Isle of Champagne"—Miss Preer.

Part III. Minstrels.

Sousa—Wolverine March—Glee Club.

Starr—"Little Alabama Coon"—Male Quartette.

One Act Play, "The Haunted House"—Messrs. McEwen and Hobdy.

Putnam—"New Coon in Town." Chorus—Glee Club.

The Glee club is yet in its infancy and its future depends on the support it receives at the hands of the Auburn people and the corps of cadets.

The dummy will leave Auburn for Opelika at 7:30 and return immediately after the concert.

Websterian Society.

The members of the Websterian Society will meet for the last time in 1894-95 at 8 p. m., Saturday June 8th. A large attendance is especially re-

quested for this meeting as important business relative to next session's work will be considered. All persons interested in the Society whether members or not are requested to be present. Those intending joining the Society next session are especially requested to attend. The Alumni of the College have lately expressed their approbation of the Societies by a little surprise which will be divulged later, and it is truly hoped by all that the Literary Societies of the A. & M. College will ere long occupy their time honored and well deserved place.

If You Lisp, Read This.

Susanna Snooks sings sad, sweet songs
she sees soft summer skies;
Strange sunset shades sift silently—
she somewhat sadly sighs;
Soliloquizingly she strays, sweet songsters shyly sing,
She sees slim spruce's slanting shades surround some sparkling spring.
Still southward silently she strays.
She spies shy Simon Slade.
"Stop, Simon!" says Susanna Snooks.
Still sifts sweet sunset shades.
Sly Simon six snug satisfying squeezes slyly stole;
Susanna snickered. Simon stayed.
Sick, silly, spoony soul.
Susanna's sire saw some shy suspicious stranges stray,
Saw Susan say, "Stop, Simon Slade!"
Saw simple Simon stay,
Stern sire sought some solid stick—serenely, slyly slipped.
Susanna saw. She shrilly shrieked,
"Skip Simon!" Simon skipped.
—Chicago Herald

Four Epitaphs.

"Deep wisdom—swell head—
Brain fever—he's dead—
A Senior."
"False fair one—hope fled—
Heart broken—he's dead—
A Junior."
"Went skating—'tis said—
Floor hit him—he's dead—
A Soph'more."
"Milk famine—not fed—
Starvation—he's dead—
A Freshman."
—St. John's Collegian.

"Dear father excuse," he wrote
"The hurried shortness of this note;
My studies so demand attention
That I have hardly time to mention
That I am well, but add that I
Lack funds—please take the hint.
Good-by.

Your loving son,

— 98."

He signed his name
And hastened to the football game.
